Weekly Activities and Status Report for DD/ICS--29 June 1983

CIPC Organizational Activities

● The July CIPC meeting has been scheduled for 1000 hours, 25 July. Vacation plans and earlier commitments of the principals precluded scheduling the meeting earlier.

- BGEN Smith assumes USMC principalship in July.

- MGEN Pfautz replaces MGEN Marks in July.

25X1

● Draft set of minutes for the 20 June CIPC meeting in final preparation; will be forwarded to the principals for coordination this week.

● We met with the Working Group Chairmen and principal staff officers on 24 June to critique the 20 June CIPC meeting. Resultantly, we have modified/implemented procedures to enhance preparations for the monthly meetings:

- Develop a 90-day calendar reflecting the various preparatory meetings and due dates for products (attached);
- Convene pre-meeting session to review all background material and finalize meeting agenda;
- Avoid using Vu-graph machine--exception being the rule; will utilize 8x10 hand-outs to the members.
- Will not pre-circulate briefing material to the principals.
- Agendas and background material to the members a week in advance of regular meeting;
- Critique all CIPC meetings with WG chairmen and principal staffers.

Note: These procedures will be implemented immediately.
